Grant Application Form

International Summer School
8th – 18th August 2017
Explore – Share – Perform: Arts & Science in Urban Context

Grants for travel and accommodation
In order to allow applicants regardless of their financial background to participate as far as possible, students have the chance to apply for a grant. Students from countries where living expenses are significantly lower than in Germany will be preferred, e.g. non-EU countries (except for the USA and Canada) as well as Eastern and Southern EU countries.

* i.e. the country the applicant’s home university is located in

Successful candidates will each be awarded a grant to cover costs for travel and accommodation. We are sorry not to be able to cover any other expenses. The exact amount depends on the number of applications and the total amount of money requested. We will try to support as many of you as possible. All students will be required to make their own travel and accommodation arrangements. Applicants are asked to keep costs as low as possible. In order to apply, please add the following information

- Proof of university enrollment as PHD or M.A. student
- Calculation of estimated travel and accommodation costs

The Grant Application and all required documents must be handed in together with the application form due to 15th May 2017. Only complete applications will be accepted.

Grant Applicants will be informed by 15th of June 2017. The jury is not required to give reasons for its decisions. The jury's decisions are final and there is no recourse for appeal.

Please submit your application to: internationalsummerschool@rub.de
